LONDON, UK – September 2008. Sapphire is pleased to announce that it is a winner at the Infor 2008 Club Performance Awards.

The Awards were presented at The 2008 Infor EMEA Channel Partner Conference that took place in Marbella at the beginning of the month. David Singh, Sapphire's Sales & Marketing Director, accepted the award on behalf of the team at Sapphire and said "It is great to see the hard work and dedication of our SunSystems team recognised with this award – and we are particularly proud to have maintained pole position for the sixth year in a row. At Sapphire our ethos is simple: customer first. We continue to move forward strongly thanks to our clients and our aim is to provide them with the best possible service and solutions to their business requirements."

In addition, the Sapphire team have picked up another prestigious award from Infor with Steve Wright, one of Sapphire's Business Development Managers named the Infor FMS SunSystems Salesperson of the Year. Steve travelled to Arizona, USA, earlier this month to collect the award.

Ian Caswell, Managing Director at Sapphire said "We are understandably very proud of Steve and this achievement. Our sales team is backed up by first class consultants and a strong support team with outstanding experience and product knowledge which means that they deliver on their promises. I am also thrilled that Sapphire has upheld its position as the global leading reseller of SunSystems, a position we work hard to maintain."

Tim Szabronski, Regional VP of Infor Channels, added "We are delighted to recognize Sapphire's sales efforts over the past year. Again, they have demonstrated outstanding sales competency, coupled with excellent service and support levels to their Infor FMS SunSystems customers".

- ENDS -

About Sapphire Systems plc

Sapphire is the global leading Infor FMS SunSystems partner and is an SAP Gold partner – number one for SAP Business One in EMEA. Since 1986, Sapphire has offered customers wide-ranging practical expertise in selecting and implementing advanced financial accounting, business management and procurement solutions and today provides software, services and support for over 600 customers worldwide from their offices in the UK and USA. Sapphire is a founder member of the British Application Software Developers Association and was one of the first signatories of the BASDA Green Charter.
