**Sapphire Systems' New York operation relocates to a new office**

**New York – 21 October 2011.** Sapphire is pleased to announce that the New York team has moved from the 26<sup>th</sup> floor to the 49<sup>th</sup> floor of the Chrysler Building in Manhattan.

The new offices will provide more desk space for the Sapphire team, as well as additional conference rooms for client facing meetings.

Chris O'Connor, Sales Director at Sapphire, commented "This is an exciting move for us and we are definitely glad to have more space! It was getting pretty cramped in our previous office; if there were consultants in the office doing remote work for our customers and members of the team from other Sapphire offices in town it certainly felt that desk space was at a premium."

With the new conference space Chris and the Sapphire team are also looking forward to hosting seminars for both customers and prospective customers, to further enhance Sapphire's [Events Programme](#).
