New York, 18 June 2009. Sapphire Systems to show Infor FMS SunSystems and SAP Business One for the International Aid Sector on booth 1002 at forthcoming industry event taking place 9-10 July 2009, Ronald Reagan Buildings, Washington DC, USA.

International Aid & Trade is the world's leading forum for humanitarian relief professionals to network, communicate, build partnerships and share knowledge. It brings together procurement professionals, product & service providers and thought leaders from the entire industry with a broad spectrum of exhibitors, interactive workshop sessions, a high calibre of speakers and provides opportunities for cross-sector networking.

Sapphire Systems has helped hundreds charities and non-profit organizations – at both local and global level - to implement best of breed financial and other back office solutions that help them:

- Deliver greater financial transparency, comparability and accountability.
- Achieve greater compliance with increasingly onerous financial governance and taxation regimes.
- Adapt to meet performance management, governance and risk management obligations.

With over 25% of its customer base consisting of not for profit organisations - including organisations within Public Sector – Sapphire Systems is in an ideal position to provide solutions and services to this fast changing sector.

Nick Williams, Head of the Non Profit Division at Sapphire Systems, said “All of our solutions offer an open, flexible architecture – which means a wide range of integration options are available for donor and membership management systems. We are excited to be attending the International Aid & Trade event for the first time this year and look forward to the opportunity to demonstrate to the attendees what Sapphire can do for them.”
